Utilizing 3 hinges	120 lbs(54kg)	32”(813mm)	30”(762mm)
Packaging : 1 pc per box			

Standard Reversible Pivot Pin

Each Hinge contains a reversible Pivot Pin.The hinge comes with the Pivot Pin set for regular closing position (wall meets door at 90°).The opposite side of the pin has been machined at 5°,and will provide tighter door closure (85°) by simply rotating the Pivot Pin half-way around.

Custom Pivot Pin

Custom Pivot Pin are available for “off-angle” installations. If the Standard Reversible 5° Pivot Pin contained in the hinge does not assist in closing the door to the position desired, you may specify the angle needed for a Custom Pivot Pin.

Used to mount a door to a fixed glass side panel that runs at a 90 degree angle to the door.
